Renegade MD's Formula Is Finally Here:

Introducing Keto CBD

New soft gel sweeping across America holds the key to waking up feeling refreshed, enjoying joints that move freely...now with 'better absorption' lipid technology.

In early 2024, Al Sears M.D. is re-launching his unique version of keto-friendly CBD nationwide.

After teaming up with medical researchers at The Green Gardener to create the world's best, most absorbable, most effective CBD product, their latest innovation is finally ready to ship.

This new product boasts higher absorption than the competition and has passed rigorous quality testing and scientific study.

"In the short amount of time CBD has been available, we've seen just how transformative it can be for all people," says Dr. Al Sears, "[CBD]... promotes a feeling of comfort and a peaceful, relaxed state of mind better than most commercial alternatives and isn't addictive in any way."

The Quest For A Better Absorbing CBD

Many vendors have tried to jump on the CBD bandwagon, flooding the market with cheap, low-quality products. But research has revealed what makes CBD work better than the alternatives – and that is how Dr. Sears' latest innovation **Canna LS** stands out.

The problem with cannabinoids is that they are oil-based compounds meaning they do not mix well with water.

And since our cells are 90% water the cannabinoids can't efficiently penetrate the cell membrane and get inside the cell where they are used. Because our bodies can't absorb CBD on its own very well, it's much more difficult to feel the beneficial effects.

"The Green Gardener's **Canna LS** stands out from the crowd by being available in highly absorbable, lipid soluble soft gels.

With its lipid soluble design, **Canna LS** gets to work more quickly and effectively than CBD found at general retailers and gas stations.

Thanks to this unique lipid

soluble technology, users can now enjoy more support for discomfort...and many other benefits that CBD has to offer without having to wait hours for it to kick in.

100% Keto CBD

Studies done in animals and in human cells have suggested that when CBD is administered with a high fat meal or in a lipid-based formulation its bioavailability is significantly improved, as much as three-fold.

And that's good news for those taking **Canna LS** since this formulation is keto-friendly, with expected optimal results for those consuming fat for energy.

Dr. Sears and Green Gardener sourced a pure and high-quality fat source in the form of MCT oil within the **Canna LS** soft gel. Now everyone can have keto-style CBD that truly delivers.

MCT oil is a new natural wonder shown to support a healthy weight, boost stamina, and help sharpen focus.

Amazing What You Get In Every Single Gel

- **Lipid Soluble Technology** - one proven to make hemp way more absorbable in the cells than oil alone
- **The Entourage Effect** - contains the full-spectrum of therapeutic phytocannabinoids and terpenes
- **A Therapeutic Cannabinoid Dose** - 10 mg of the most powerful cannabinoids without THC.
- **Highest, Pure Grade Hemp** - Made in America, all-organic, non-GMO, and free of pesticides and toxins

*"By the sixth day, the occasional discomfort I had was gone."
- Daniel M*

Next Generation Canna LS Is More Advanced Than Regular Hemp Oil

In all 50 states, patients can get their hands on a non-psychoactive form of cannabis or CBD almost anywhere. But not every option is going to deliver.

Not only is **Canna LS** the best source of all natural, non-GMO cannabinoids, but it is also formulated with a game changing delivery system that allows it to deliver those cannabinoids where they are used most.

"We can only make this guarantee because we are 100% certain our customers will be satisfied," says Ms. Kim. We want to take full risk off consumers. So in addition to offering substantial dis-counts for first-time customers, we also make them a huge promise that ensures they don't have to risk a cent."

Here's how it works: Take **Canna LS** exactly as directed, and you must be thrilled with the results! Otherwise, simply return the bottles and any unused portion with-in 90 days of purchase.

Taking All The Risk Off Consumers

A large percentage of men and women using **Canna LS** experience truly amazing results. That's why it's now being sold with a guarantee that goes way beyond the industry standard.

"We can only make this guarantee because we are 100% certain our customers will be satisfied," says Cody Gillespie, the executive who helped Dr. Sears create this new healthy hemp breakthrough.

"So, in addition to offering substantial discounts for first-time customers, we also make them a huge promise that ensures they don't have to risk a cent."

Here's how it works: Take **Canna LS** exactly as directed, and you must be thrilled with the results! Otherwise, simply return the bottles and any unused portion with-in 90 days of purchase.

Free CBDreams Sleep Formula With Every Order - For A Limited Time Only -

Dr. Sears is also the visionary behind a new sleep champion that your exhausted brain and body have been waiting for. His research led to the development of a revolutionary sleep formula known as **CBDreams**, which helps support sound sleep and relaxation.

In a user study performed at the Sears Institute for Anti-Aging Medicine, over 80 percent of participants fell asleep quickly and woke feeling refreshed after taking **CBDreams**.

This new sleep innovation supports waking up the next day feeling refreshed and not the least bit drowsy because it helps maintain natural circadian rhythms — waking up when the sun rises and falling asleep when it sets.

To help everyone enjoy this natural balance and revitalized energy levels, every order of **Canna LS** will ship with one free **CBDreams**-a full 30-day supply of sleep wafers will be included while supplies last.

Your Personal Satisfaction Is Guaranteed

Dr. Sears feels so strongly about **Canna LS**, all orders are backed by a 100% money back guarantee. "Just send me back the bottle and any unused product within 90 days from purchase date, and I'll send you all your money back."

JERRY SEINFELD TAKES ON POP-TARTS

In August of 2018, Jerry Seinfeld posted something on the former Twitter that seemed to be a funny enough thought, but nothing to take especially seriously: "At one point I was thinking about an invention of the Pop-Tart movie. Imagine the drunk on sugar-power Kellogg's cereal culture of the mid-60's in Battle Creek, MI. That's a vibe I could work with."

Turns out, the comedian was not joking. Almost six years later, we now have a film about how Pop-Tarts, those tasty breakfast pastries, came about in 1964, a film that costars Seinfeld, who also directed, cowrote and coproduced.

Set in 1963 Michigan, *Unfrosted* (premiering Friday, May 3 on Netflix) tells the story of the cutthroat and breakneck race between sworn cereal rivals Kellogg's and Post to invent a pastry that will change the face of breakfast forever. Netflix describes the film as "a tale of ambition,

betrayal, sugar and menacing milkmen."

That tongue-in-cheek description is a good indicator that while this movie may be based on real events, it likely takes a comedic approach to them.

A look at the actors in it is another sign; the cast features a number of Seinfeld's fellow comedians/actors, including Melissa McCarthy, Jim Gaffigan, Amy Schumer, Bill Burr, Hugh Grant, James Marsden, Christian Slater, Daniel Levy, Jack McBrayer, Bobby Moynihan, Thomas Lennon, Max Greenfield, Cedric Yarbrough, Sarah Cooper and Fred Armisen.

The film will incorporate other classic breakfast/snack icons, as well. Grant is listed as Thurl Ravenscroft (aka Tony the Tiger) and Yarbrough as Toucan Sam, with other actors playing everyone from the Doublemint Twins and Little Debbie to General Mills and Ralston Purina.

Let The Tears Begin ... "Dance Moms: The Reunion"

There's no denying the legacy Abby Lee Miller left the dance world, as she was an immensely talented choreographer and larger-than-life TV personality, but her meaner-than-mean, win-at-all-costs attitude coupled with legal issues, warring mammas and devastated child students ultimately led things to crumble. While Lifetime cameras captured all the drama and all the tears during *Dance Moms'* (2011-19) eight-season run, the true stars of the show were the young girls, including fan favorites JoJo Siwa, Chloé Lukasiak, Brooke Hyland, Paige Hyland, Kendall Vertes and Kalani Hilliker, who all return for a two-hour special in *Dance Moms: The Reunion* (Wednesday, May 1 on Lifetime) along with their moms Jessalynn Siwa, Kelly Hyland, Jill Vertes and Kira Hilliker (plus Christi Lukasiak, who hosts the new series *Dance Moms: Epic Showdowns* immediately after). The dancers will look back at the most memorable moments of the series and discuss the good, the bad and everything in between, while their moms catch fans up on the most controversial headlines and what they are doing now. "I was thrilled to be reunited with the girls because nobody understands the bond we share. We grew up together in a very unique way and having each other to rely on (whether we see each other often or not) is something I think kept us grounded," shares Paige Hyland. "So, being together again when we are in better stages of our lives, as successful young girls, knowing what we've accomplished is a great feeling."

James Cameron Takes On The Underwater Aliens In Three-Part Series "Secrets Of The Octopus"

Secrets of the Octopus, the latest in Nat Geo's franchise of Earth Day natural history series from executive producer James Cameron, uncovers the lives of one of the most alien-like animals on the planet: the octopus. The three-part series (all episodes air Sunday, April 21), narrated by Paul Rudd, shows how these eight-armed creatures can shapeshift, and reveals how intelligent and social they are through incredible footage, some of which shows octopus behavior never before captured on film.

One such behavior is an octopus mating ritual, as seen between "Scarlet," a little octopus featured across the episodes, and a male suitor. Scarlet, due to having a scar underneath one eye, was given her name by National Geographic Explorer and expert Dr. Alex Schnell, who also features throughout the series.

Dr. Schnell and others travel to various places and meet several octopuses, and all of them are incredible. But there's a particularly amazing and touching relationship between Schnell and Scarlet — who seems to remember Schnell each time the human dives into her world — that developed quickly during the filming of this series.

"It varies from individual to individual how quickly [octopuses] want to interact with you," Schnell says, "and sometimes they never do. But Scarlet took probably a couple of hours before she felt comfortable with me, which is really quick. We have an animal here that has no way to protect [itself from a human] ... and yet she wanted to interact with a species 10 times her size. That's really rare for a wild animal to want to do that."

Behavior like this and more from Scarlet and other octopuses is mind-blowing to see and offers glimpses into just how intelligent these creatures are, even if Dr. Schnell says it is still too early to compare an octopus' smarts to, say, an ape's or dolphin's.

"We're really only just scratching the surface," she explains, "and when you're looking at such a different mind, you couldn't get more alien. ..."

"I want the main take-home message of this series to be a shift in perspective, that while [octopuses] are very alien to a certain extent, we share similar traits with them. And hopefully that forms a bridge and a point of connection, and a growth of compassion and love, and then we want to protect what we love." — *Jeff Pfeiffer*

This stunning, romantic necklace never goes out of style. In a world where some cultured pearl necklaces can cost thousands, we're offering ours for FREE*.

Stauer has had a very good year and it's time for us to give back. That's why we're offering this stunning, 26"

strand of genuine cultured white pearls for FREE! You pay only \$24.95 for shipping & processing, our normal fee for a \$295 necklace ... and we'll even *pay you back with a \$30 Discount Certificate — that's our BETTER THAN FREE Shipping!*

Why would we do this? Because we are so sure that you will become a loyal Stauer client in the years to come. Recently, we encountered a magnificent cache of cultured freshwater pearls at the best price that I have ever seen. Our pearl dealer was stuck. A large foreign luxury department store cancelled a massive order at the last minute. In their stead we grabbed all of those gorgeous pearls. He sold us an enormous cache of his roundest, whitest, most iridescent cultured 6 1/2-7 1/2 mm pearls for pennies on the dollar. His loss is your gain.

Too good to pass up. Too good to last long. Genuine cultured freshwater pearls are a luxurious statement. Stauer finds a deal this outrageous once every few years. We have sold over 200,000 strands of pearls in the last several years and this is our finest value ever. There is only a limited quantity left in stock, so when they're gone, they're GONE! Call to reserve your FREE *Cultured Pearl Necklace* today and experience a brilliant new definition of price-less luxury!

PETER KRAUSE

Of ABC's "9-1-1"

By Zhanna Slor

With the seventh season of the hit first responder drama 9-1-1 winding down

(Thursdays on ABC), we sat down with Peter Krause to discuss the progression of his character, Bobby.

1. How do you feel about the success of 9-1-1? I'm very happy to be a part of a show that has cornered the market on disaster television.

2. How do you feel about the evolution of your character, and do you find him relatable? I do find Bobby relatable. Underneath the guilt of accidentally killing his family — such a heavy thing that I started with on the show — Bobby Nash is very much like Adam Braverman [Krause's character on *Parenthood*], and he carries the weight of his past and his addiction with him. I think that there's an Adam Braverman underneath Bobby Nash. I'd like to see those past issues be behind Bobby. I enjoy him as a straight-up fire captain, good husband and good leader. With finding a new family at the firehouse and a new family with Athena, I think Bobby is an example of somebody who needs the support of those around him, as we all do. With that love and support, and Bobby's work itself, I think he's been able to heal.

3. What do you get recognized for most when you're out and about? It's a smattering. I take great pride in being called my character names when I'm out and about. I get called Casey from *Sports Night*, but I get called Nate from *Six Feet Under*; I get "Fever" because of Adam Braverman's dancing. For a while I'd hear a lot of Fever. On this show, it's Cap. I've been in the grocery store and had people say, "Hey, Cap."

4. You've gotten to play such a wide variety of jobs in all your shows. If you had to pick one, which job would you want to do? I guess the fire captain sort of takes the cake there. It's the most exciting job. Not that I didn't enjoy portraying a sportscaster or a reluctant funeral director. Firefighters have some very difficult hours, but it is a meaningful job; not that being a funeral director or sportscaster or being the best father, husband, brother you can be isn't.

5. Speaking of jobs, did you have any memorable ones prior to acting? When I was in college, the weirdest job I had was running a puppet wagon for a parks and rec department back in Minnesota. I would travel around to parks and do puppet shows. I actually crashed the puppet wagon.

HOROSCOPES

By YASMIN BOLAND

Jeffrey Dean Morgan, a Taurus (born Apr. 22), of "The Walking Dead: Dead City"

now, the big astrological picture is serious and demanding Saturn making you work harder for all your relationships. You get back what you put into love.

LIBRA (Sept. 23 - Oct. 22)

This is the week to start over with your home and family. If life became tense during the silly season, tell yourself (and close friends and family) "that was then and this is now - and now can be different". A restart is possible with the people who matter most to you.

SCORPIO (Oct. 23 - Nov. 21)

The sooner you realize that you're creating your life with your thoughts, feelings and words, the better! Don't believe me? Pay close attention now to your expectations about a special someone or something. The more you fear the worst, the more likely you'll get the worst. You can't fool the Universe!

SAGITTARIUS (Nov. 22 - Dec. 21)

There's a new start coming for you when it comes to cash, property and possessions. So take a moment to make a list of your financial aims and goals for the year ahead. Then make a bullet points about small steps you can take. Come with a plan or leave in defeat!

CAPRICORN (Dec. 22 - Jan. 19)

You will soon have a chance to start all over again in every part of your life. Expect to feel a rush of new vitality. Be optimistic about the year ahead - the stars are on your side. Thinking positively is key. This really is a turnaround year for you. Claim it!

AQUARIUS (Jan. 20 - Feb. 18)

Allowing fears and worries to overwhelm you this week. Look at what's scaring you and deal with it, rather than going into a spiral. And if there is nothing you can do to change whatever is bothering you, accept that it's a ride to somewhere better. Trust the process!

PISCES (Feb. 19 - March 20)

So how's your social life? If it could use a boost, that will come soon. Reach out to the people you love - don't always wait for others to reach out to you! And even if things have been a bit upsetting with one friend, change is possible. Prepare to party!

Yasmin Boland is an astrologer, a moonologist and a best-selling *May House* author. For the past two decades she's been mixing astrology with the Divine Feminine, the law of attraction, meditation, sacred, accessible Moon teachings, chakras, chants, angels and more. **Contact Yasmin at www.yasminboland.com**

ARIES (March 21 - April 19)

Stop whatever you're doing right now and close your eyes and imagine your ideal scenario for your working life or whatever it is that you do that you're 'known for' in the coming year. Focus on that this week. Once you're clear on your intentions, you can manifest them.

TAURUS (April 20 - May 20)

If you can get far, far away from it all this week, it'll do you a lot of good! And if you can't get away, see if you can do something at home that somehow broadens your horizons. It could be meeting someone well-travelled or studying something mind-opening. Seek perspective!

GEMINI (May 21 - June 20)

Don't worry if you're feeling a bit confused at the start of the week. Just go with it. Sometimes we need to live with uncertainty, personal and/or professional. Instead of trying too hard to make a decision, feel your feelings. They will inform your next best move. Be patient with yourself.

CANCER (June 21 - July 22)

There's powerful new energy around you right now, and it's offering you the chance to create your own romantic 'destiny' (except it's not really destiny, since you're creating it with your thoughts and desires, right?) Tap into it by asking yourself what you want from love in 2024. Love to love.

LEO (July 23 - Aug. 22)

Once a year you get a chance to start all over again I don't just mean because it's a new year. Rather, the January New Moon will trigger your Daily Life Zone. So how do you want 2024 to play out in terms of routines and timetables? Decide now!

VIRGO (Aug. 23 - Sept. 22)

It would be a bit rash to promise you a super romantic week. Because even though you have some lovely and romantic stars right

The Beekeeper

Adam Clay (Jason Statham) is a simple beekeeper. When his close friend Eloise (Phylicia Rashad) falls victim to a malicious computer pop-up, the world changes and he vows revenge for what the nameless and faceless criminals have caused. With Eloise's daughter Verona (Emmy Raver-Lampman) leading the law enforcement search for the bad guys and Clay leading his vendetta, the cybercriminals don't stand a chance. Sure, not a great movie, but fulfilling and fun for those who have loved ones who have fallen victim to scams. *Rated R — Available April 23*

Summer Is Never Going To Trust Claire After Harrison Goes Missing On "Y&R"

Photo credit: Sammy Thine

Summer Newman, played by Allison Lanier (pictured), didn't trust her cousin Claire (Hayley Erin) even before little Harrison (Redding Munsell) went missing on *The Young and the Restless*. Why? Well, Claire *did* come to Genoa City under false pretenses. Yes, Claire has come to realize that her Aunt Jordan (Colleen Zenk) is not to be trusted — but Claire sure went along with her aunt's schemes initially, didn't she?

"It's every parent's worst nightmare to have your child be missing," Lanier tells *TV Weekly*. "Not knowing if they're OK, all the unknowns."

Despite the gravity of Harrison's whereabouts not being known, there's another big issue going on — Summer simply doesn't trust Claire. Surprisingly, she doesn't have any allies when it comes to this position. "Summer's perspective is that Claire is just an unwell person," Lanier says. "She has done some heinous things. Summer feels that Claire doesn't have any business being around a child — especially her son."

Munsell is new to the role of Harrison, but Lanier says the young actor has hit the ground running. "He is absolutely amazing," the actress raves. "Redding is hilarious and he knows all his lines when he comes to the set and he knows what to do."

If and when Harrison is safely returned, and even if (and that could be a big "if") Claire's hands are clean in this particular instance, Lanier doesn't see Summer changing her attitude toward her cousin.

"What Summer is feeling [will always] be true," Lanier suggests. "Summer can admit she's wrong if and when she is, but that doesn't change the fact that she doesn't want Claire around Harrison."

In Memoriam: *Another World* fans from the 1970s recall Jennifer Leak's portrayal of diabolical Olive Gordon Randolph, a conniving woman who wed attorney John Randolph (Michael M. Ryan) for his money. Leak, 76, passed away on March 18 at her home in Jupiter, Florida, after a diagnosis of progressive supranuclear palsy. The actress, who appeared in the 1968 film *Yours, Mine and Ours* as Lucille Ball's daughter, got her soap opera start on *The Young and the Restless* as Gwen, a prostitute who later became a nun. Janice Lynde (ex-Leslie) told SoapHub.com that Leak was "always trying to 'class up' my wardrobe, my hair. I was always in dance clothes with my hair in a ponytail. She was always perfection."

Question: What can we do to save *Warrior*? It's a non-stop action series with an awesome storyline. —*Maria W.*

Matt Roush: Welcome to the *Warrior* party. And to the latest chapter of Netflix breathing new life into a series that was left for dead. For those who only recently discovered this evocative martial arts series, *Warrior* premiered on Cinemax in 2019. After two seasons, it was resurrected on Max for a third year, and upon news of the show's cancellation last December, it was also reported that Netflix would begin streaming all three seasons starting in February. This sort of move generates new fans, and whether it will be enough to bring the show back remains to be seen.

Question: While watching *Wild Card* on The CW, I saw Max drive a Porsche 911. It sure did look like the same car Jason Priestley drove in *Private Eyes*? —*Nancy W.*

Matt Roush: You were spot on! Those wheels belonged to the same 911 that Priestly drove as Matt Shade in *Private Eyes*. From The CW: "The producers thought it would be fun for discerning and loyal fans to experience this classic vehicle again in *Wild Cards*."

CHEERS TO 9-1-1'S

award-worthy in-joke. In ABC's March 14 Season 7 premiere, Angela Bassett's LAFD boss Athena (below) copped to being traumatized by *The Poseidon Adventure* as a kid, leading to a rant about how the disaster flick's Shelley Winters lost for Best Supporting Actress. We're not over it either, Angie!

JEERS TO PALM ROYALE

for royally wasting talent. More baffling than what genre the show is supposed to be (comedy? Drama? Mystery?) is how Apple TV+'s star-packed tale of country-club elites in 1960s Florida cast the iconic Carol Burnett (above) only to have her comatose character do *nothing* for the first three episodes. That is not what fits a legend.

CHEERS TO JEOPARDY!

for celebrating 60 years in unquestionable style. In honor of this year's diamond anniversary, the beloved game show hosted by Ken Jennings (below) is launching a splashy contestant recruitment campaign and a new bar-trivia game, while also hosting live events and activations around the country.

JEERS TO THE GIRLS ON THE BUS

for being fake news. Not even casting the always-fab *Supergirl* vet Melissa Benoist (above) and Carla Gugino can help Max's soapy dramedy about female political reporters covering an election campaign ring true, because *Girls* gets almost everything about journalism wrong.

Will This Strange Antarctic Squid Solve America's Memory Crisis?

New Deep Sea Discovery Proven to Be The #1 Natural Enhancer of Memory and Focus

Half a mile beneath the icy waters off the coast of Argentina lives one of the most remarkable creatures in the world.

Fully grown, they're less than 2 feet long and weigh under 10 pounds...

But despite their small size, this strange little squid can have a bigger positive impact on your brain health than any other species on the planet.

They are the single richest source of a vital "brain food" that 250 million Americans are starving for, according to a study published in the British Medical Journal.

It's a safe, natural compound called DHA - one of the building blocks of your brain. It helps children grow their brains significantly bigger during development. And in adults, it protects brain cells from dying as they get older.

Because DHA is so important, lacking enough of it is not only dangerous to your overall health but could be directly related to your brain shrinking with age.

With more than 16 million Americans suffering from age-associated cognitive impairment, it's clear to a top US doctor that's where the problem lies.

Regenerative medicine specialist Dr. Al Sears, says thankfully, "there's still hope for seniors. Getting more of this vital brain food can make a life changing difference for your mental clarity, focus, and memory."

Dr. Sears, a highly-acclaimed, board-certified doctor— who has published more than 500 studies and written 4 bestselling books — says we should be able to get enough DHA in our diets... but we don't anymore.

"For thousands of years, fish were a great natural source of DHA. But due to industrial fish farming practices, the fish we eat and the fish oils you see at the store are no longer as nutrient-dense as they once were," he explains.

DHA is backed by hundreds of studies for supporting razor sharp focus, extraordinary mental clarity, and a lightning quick memory... especially in seniors.

So, if you're struggling with focus, mental clarity, or memory as you get older...

Dr. Sears recommends a different approach.

THE SECRET TO A LASTING MEMORY

Research has shown that our paleo ancestors were able to grow bigger and smarter brains by eating foods rich in one ingredient — DHA.

"Our hippocampus thrives off DHA and grows because of it," explains Dr. Sears. "Without DHA, our brains would shrink, and our memories would quickly fade."

A groundbreaking study from the University of Alberta confirmed this. Animals given a diet rich in DHA saw a 29% boost in their hippocampus — the part of the brain responsible for learning and memory. As a result, these animals became smarter.

Another study on more than 1,500 seniors found that those whose brains were deficient in DHA had significantly smaller brains — a characteristic of accelerated aging and weakened memory.

PEOPLE'S BRAINS ARE SHRINKING AND THEY DON'T EVEN KNOW IT

Dr. Sears uncovered that sometime during the 1990s, fish farmers stopped giving their animals a natural, DHA-rich diet and began feeding them a diet that was 70% vegetarian.

"It became expensive for farmers to feed fish what they'd eat in the wild," explains Dr. Sears. "But in order to produce DHA, fish need to eat a natural, marine diet, like the one they'd eat in the wild."

"Since fish farmers are depriving these animals of their natural diet, DHA is almost nonexistent in the oils they produce."

"And since more than 80% of fish oil comes from farms, it's no wonder the country is experiencing a memory crisis. Most people's brains are shrinking and they don't even know it."

So, what can people do to improve their memory and brain function in

MEMORY-RESTORING SENSATION: The memory-saving oil in this Antarctic squid restores decades of lost brain power starting in just 24 hours.

the most effective way possible?

Dr. Sears says, "Find a quality DHA supplement that doesn't come from a farmed source. That will protect your brain cells and the functions they serve well into old age."

Dr. Sears and his team worked tirelessly for over 2 years developing a unique brain-boosting formula called **Omega Rejuvenol**.

It's made from the most powerful source of DHA in the ocean, squid and krill — two species that cannot be farmed.

According to Dr. Sears, these are the purest and most potent sources of DHA in the world, because they haven't been tampered with. "**Omega Rejuvenol** is sourced from the most sustainable fishery in Antarctica. You won't find this oil in any stores."

MORE IMPRESSIVE RESULTS

Already, the formula has sold more than 850,000 bottles. And for a good reason, too. Satisfied customers can't stop raving about the memory-boosting benefits of quality-sourced DHA oil.

"The first time I took it, I was amazed. The brain fog I struggled with for years was gone within 24 hours. The next day, I woke up with the energy and mental clarity of a new man," says Owen R.

"I remember what it was like before I started taking **Omega Rejuvenol**... the lack of focus... the dull moods... the slippery memory... but now my mind is as clear as it's ever been," says Estelle H.

"My mood and focus are at an all-time high. I've always had trouble concentrating, and now I think I know why," raves Bernice J. "The difference that **Omega Rejuvenol** makes couldn't be more noticeable."

And 70-year-old Mark K. says, "My focus and memory are back to age-30 levels."

These are just a handful of the thousands of reviews Dr. Sears regularly receives thanks to his breakthrough memory formula, **Omega Rejuvenol**.

WHERE TO FIND OMEGA REJUVENOL

To secure bottles of this brain-boosting, buyers should contact the Sears Health Hotline at **1-800-966-5904**. "It takes time to manufacture these bottles," says Dr. Sears. "The Hotline allows us to ship the product directly to customers who need it most."

Dr. Sears feels so strongly about this product, he is offering a 100%, money-back guarantee on every order. "Send back any used or unused bottles within 90 days and I'll rush you a refund," says Dr. Sears.

The Hotline is taking orders for the next 48 hours. After that, the phone number may be shut down to allow for inventory restocking.
