## PERFECT HARMONY

James Denton Finds Love And A Good Tune In The Hallmark Movies & Mysteries' Original. By Paul Doro

James Denton is no stranger to performing live music. The star of ABC's *Desperate Housewives* and Hallmark Channel's *Good Witch* has performed in the charity cover band Band From TV alongside Hugh Laurie and others since 2005 (they are currently on hiatus but might play some shows again in the future). Still, Denton says that his new Hallmark Movies & Mysteries movie *Perfect Harmony* (Sunday) is different from anything he (or the network) has ever done. That's because this is the first Hallmark Movies & Mysteries movie to incorporate original songs into the narrative. There are three, including one that was performed live.

"It was a little unnerving to me, but it came out OK," Denton says. "I was very relieved when I saw the final product." He goes on to rave about the work of musician Jack Lenz, who has toured with the likes of Seals & Crofts and Kenny Loggins, and penned the original songs here. "I really was adamant about using Jack Lenz. He's a master at all the things you need if you're not a natural singer. I'm an OK singer and have done some performing, but nothing like this on television."

In the movie, he plays Jack Chandel, a former pop star who was a one-hit wonder. He and college professor Barrett Woodword (Sherri Saum) are asked to be best man and maid of

honor at the wedding of their mutual friends. Jack and Barrett have always been like oil and water, but an impromptu duet at the engagement party begins to thaw the frost between them, much to his son Teddy's (Sheppard Denton, James' real-life son) dismay, as she is his professor.

In addition to the unique element of original music, acting alongside his son made this project a particularly memorable one for Denton. "It was the most rewarding and enjoyable job I've ever had," he shares. "You can't beat working with your kid. He and I got to spend five weeks in an apartment, and he has a very big role, and he's fantastic in the movie."

Denton also executive produced *Perfect Harmony*, something he's done a little bit of in the past, but he took it to the next level this time around. "I probably did half of the producing duties," he says. "Things like casting, locations. I was in everything. It's super rewarding."

Going forward, it is something he might do again, but he describes the future as wide open in terms of acting opportunities. He's enjoyed being a series regular and making movies for Hallmark, who Denton describes as extremely generous. "There's so many great formats these days, and venues and content producers. I'm pretty much wide open."

## LESLEY MANVILLE IS ON THE CASE IN "MAGPIE MURDERS"

We get two whodunits for the price of one in the twisty six-parter *Magpie Murders* (Sunday on PBS), adapted by Anthony Horowitz from his bestseller. Lesley Manville (*Mrs. Harris Goes to Paris*) stars as shrewd British book editor Susan Ryeland, who becomes convinced her top author, Alan Conway (Conleth Hill), was killed after he turns in his final mystery minus the last chapter. To solve both murders, she needs those missing pages, and she gets advice from an unlikely source: the detective in Conway's 1950s-set novel, Atticus Pünd (Tim McMullan), whom she talks with in her mind as Pünd's investigation simultaneously unfolds. "It's weird, isn't it?" jokes Manville. "She's chosen not to get married, not to have children. She's got a nice boyfriend who she sees when she wants to. She still drives an open-top sports car. And she's taking absolutely no truck from anybody." — Mandy Bierly

## 5 QUESTIONS with ...

©2021 CBS Broadcasting, Inc. All Rights Reserved. Credit: Cliff Lipson

### JERRY O'CONNELL

Of CBS' "The Talk"  
And "The Real Love Boat,"  
And FOX's "Pictionary"

By Jacqueline Cutler

After spending most of his life as an actor, Jerry O'Connell has found a new role: host.

Sure, O'Connell, who's worked constantly since landing his first role at 11 in *Stand by Me* and has three upcoming movies, remains an actor. But he's also found success with unscripted TV. O'Connell returned to CBS' *The Talk* (weekdays) for his second season as the first permanent male cohost. He's also hosting *Pictionary*, syndicated on FOX stations, and cohosting CBS' *The Real Love Boat* (Wednesdays) with his wife of 15 years, Rebecca Romijn.

"I'm a host," O'Connell says. "I'm no longer an actor."

Yet he happily reports that Romijn told him he was good at hosting and then shares that he was thrilled because many conversations are more along the lines of: "Why are you doing this? What is this? I told you to fix this. You're not doing what I told you. This is all wrong."

Assured he's got it right, O'Connell answered our "5 Questions."

### 1. Have you ever had a job that wasn't in show business?

I helped a buddy of mine do some landscaping. I worked in a cafe on Long Island where I was a busser and was elevated to a runner. You hang in the kitchen and run food out, but I accidentally gave someone mahi-mahi when they ordered tuna. There was a babysitter in our building, and I went to assist him and broke a glass table.

### 2. Tell me about a time that you were starstruck.

My wife and I live in Calabasas, home of some very famous people. There is a restaurant we go to that I will not mention that is like a local favorite, and I have seen Kim Basinger there twice. Typically if I see a celebrity, because I am a game show host now, I will go up to them and go, "Hey, how are you doing?" But with Kim Basinger, I was starstruck to the point that I can't even look at her.

### 3. What were three TV shows that you loved when you were a kid?

*Three's Company*, *Moonlighting*, *The Honeymooners*.

### 4. If you were on *Jeopardy!*, what categories would you run?

Hip-hop in the late '80s, Kentucky Derby winners in the last 20 years and sitcoms of the 1980s.

### 5. You're having a dinner party with anyone from history. Who's there?

It seemed like the 1970s was really sort of the heyday of game shows and crazy hosts and crazy guests. Before I took this *Pictionary* gig, I watched some of the original *Pictionary* shows with Alan Thicke; God rest his soul. Then the algorithm led me to Chuck Barris. It was nuts. He would come out dancing, and it was riveting television. I went down the *Family Feud* rabbit hole, and Richard Dawson would point to his lips, and you had to kiss him. I would talk to hosts, producers and executives of game shows in the '70s and say, "What is the secret sauce?"

**PBS' NATURE** series will premiere **Canada: Surviving the Wild North** on Wednesday, October 26 at 8 PM ET (check your local listings). Canada is a vast country, with the largest intact forest on the planet, more than two million lakes and rivers, and the longest coastline on Earth. This wild and rugged outpost is home to some of the world's most astonishing wildlife such as polar bears, arctic foxes, coastal wolves, Canada lynx, great grey owls and caribou. Journey from the high arctic and tundra to the boreal forests, to discover how life manages to survive in the Wild North, where getting the timing right and seizing seasonal opportunities can make the difference between life and death.

**NBC** will debut its new comedy series **Lopez vs Lopez** on Friday, November 4 at 8 PM ET/PT. **ABC** will air **The 56th Annual CMA Awards** live on Wednesday, November 9 from 8 to 11 PM ET. Each year, this is Country Music's Biggest Night™. First-time nominee Lainey Wilson tops the list at six nominations. Other multi-nominees include Ashley McBryde, Carly Pearce, Chris Stapleton and songwriter/producer Shane McAnally with five nominations each; Cody Johnson and songwriter/producer Josh Osborne with four nominations each; and Luke Combs, HARDY, Miranda Lambert, Midland and Carrie Underwood with three nominations each. Major award categories include Single of the Year, Album of the Year, Song of the Year, Female Vocalist of the Year, Male Vocalist of the Year, Vocal Group of the Year and culminating with the Entertainer of the Year award.

**HBO** will debut the seven-episode, second installment of its original **The White Lotus** on Sunday, October 30 at 9 PM ET/PT. It will also be available to stream on HBO Max. ## PREMIERES & FAVES

### Hocus Pocus

Sunday, Oct. 16  
• Freeform

Three 17th century witches are in for a devil of a time when their restless spirits are accidentally conjured up on Halloween Night, in present-day Salem. The trickery trio has only one night to live, unless they take the life-force of the town's children. Before they can plot anything, the witches must adapt to modern America with vacuum cleaners instead of brooms. Stars Bette Midler, Sarah Jessica Parker, Kathy Najimy, Omri Katz and Thora Birch.

### Fun With Dick and Jane

Monday, Oct. 17  
• truTV

Dick and Jane are in love and living the American dream — until the day it becomes an American nightmare. When the company Dick works for becomes involved in an Enron-like scandal and he faces the prospect of losing everything, Dick and Jane are forced to beg, borrow and steal to get it all back. Stars Jim Carrey, Téa Leoni and Alec Baldwin.

### House of Wax

Wednesday, Oct. 19  
• AMC

The 1953 thriller is given a fresh new coat, thanks to this slick update. When a group of road-tripping college students make a detour through a small, sleepy town, they're soon drawn to its central tourist attraction, a "house of wax." But the museum holds a terrifying secret, as they're about to learn. Stars Elisha Cuthbert, Chad Michael Murray and Paris Hilton.

### Brogdon hopes to be on point with Celtics

On a team that made the NBA Finals last season, Malcolm Brogdon could be the final piece that puts the Boston Celtics over the top.

Acquired in a July trade with the Indiana Pacers, the 2017 NBA Rookie of the Year is the type of point guard who is a solid passer, ball handler and defender, finishes well at the rim and commits few turnovers. Over the last two seasons, he's one of a handful of players who averaged at least 18 points, five rebounds and five assists. Last year, his numbers were 19.1, 5.1 and 5.9.

He considers himself a point guard first and over his career he has proven himself to be a guy who can take care of the ball and lead a team on the court. But in Boston, he'll join a backcourt rotation with Jayson Tatum, Jaylen Brown, Marcus Smart and Derrick White, thus forcing him to play shooting guard more often.

He did that with the Milwaukee Bucks in the first three years of his NBA career and toward the end of his three-year tenure with the Pacers but it was not his desired role. He'd rather be the guy who gets his teammates involved, who competes on both ends

of the court, rather than the shooter. He wants to be a leader and a winner.

He'll certainly get that chance in Boston, which is where Brogdon and the Celtics will tip off the 2022-23 season against the Philadelphia 76ers in the opener of a doubleheader airing Tuesday, Oct. 18, from TD Garden on TNT.

**FULL NAME:** Malcolm Moses Adams Brogdon  
**BIRTH DATE:** Dec. 11, 1992  
**BIRTHPLACE:** Atlanta  
**HEIGHT/WEIGHT:** 6 feet 5 inches/229 pounds  
**COLLEGE:** Virginia  
**DRAFT:** Selected in the second round (36th overall) by the Milwaukee Bucks in 2016

**TEAMS:** Milwaukee Bucks (2016-19); Indiana Pacers (2019-22); Boston Celtics (2022-present)

**POSITION:** Point guard, shooting guard

**NO.:** 13

**HONORS AND ACHIEVEMENTS:** NBA Rookie of the Year (2017); NBA All-Rookie First Team (2017); ACC Player of the Year (2016); ACC Defensive Player of the Year (2015, 2016)

### CHEERS TO BIG SKY'S BIG TWIST.

The lovable Reba McEntire (below) as a potentially evil

outdoorsy glamping maven on ABC's drama? Hike yeah!

### JEERS TO NETFLIX'S

serial-killer overkill. The amount of Jeffrey Dahmer content the streamer is dishing out now borders on psychotic.

### CHEERS TO SHUDDER

for celebrating spooky season the right way. The AMC-owned streamer's creepy catalog of classic flicks and originals, like *Creepshow* and *Slasher*, is so deep and demented, it's scary.

### JEERS TO THE BACHELORETTE

for its finale ambush. Forcing an already crushed Rachel (above) to face cheating beau Tino on-air was ugly enough without the added ick of ABC bringing in her ex-suitor Aven to make a play for her in front of him. Rachel deserves better than both of 'em!

# THE WEEK IN SOAPS

## How "The Bold And The Beautiful" Can Save Sheila Carter

*The Bold and the Beautiful's* Sheila Carter, played by Daytime Emmy-nominated actress Kimberlin Brown, is arguably soap opera's most successful villainess. She made an immediate impact on soaps over 30 years ago when Sheila, then on *The Young and the Restless*, kidnapped the newborn baby of nemesis Lauren Fenmore (Tracey Bregman) and passed the babe off

as her own so that she could hang on to Lauren's former husband, Dr. Scott Grainger (Peter Barton).

After that plan literally went up in flames, Sheila escaped a burning farmhouse where she was holding Lauren and her own mother Molly (Marilyn Alex) hostage. Believed dead, Sheila hightailed it to Los Angeles and snagged a job as a nurse at Forrester Creations on *B&B*. Eventually, her identity was exposed. Over the years, Sheila has been sent to prison and mental institutions, escaped from prison, and done her best to reingratiate herself back into the lives of the Forresters.

When she popped up last year, the writers gave her a whole new platform by revealing she was the birth mother of Dr. John "Finn" Finnegan (Tanner Novlan), husband of Steffy Forrester (Jacqueline

MacInnes Wood). The problem is Sheila's never more dangerous than when she feels insecure and threatened. In other words, Sheila's always dangerous!

She pumped bullets into Finn and Steffy, and even though both miraculously survived, the days of anyone giving Sheila a second (third? fourth?) chance are over! She's donned a red wig, is wearing prosthetics and has blackmailed Deacon Sharpe (Sean Kanan) into giving her refuge in his tiny apartment, but how long can that last? Here are a few ways in which Sheila can once again mingle freely among other *B&B* characters.

**Paging Nurse Carter:** Sheila has both a biological son and grandson (little Hayes) on the canvas. Should one of them be in desperate need of a life-saving blood transfusion or an organ transplant, Sheila can come out of hiding, step up and help save a life. Sure, many characters would remain firm about never trusting her again, but it'll only take one character wanting to give Sheila some credit for helping out. Soaps are all about conflict, so Sheila aiding in a medical crisis is a win/win.

**Devil In Disguise:** What if the Sheila who went trigger happy last spring isn't really Sheila? We learned years ago on *Y&R* that she has a sister, Sarah Smythe; perhaps it's Sarah who has been in Los Angeles this last year, wreaking havoc on people's lives?

**Hey, Mr. Sandman:** It's been about six months since Sheila shot Steffy and Finn (maybe less in soap opera time). That's probably too long to employ the "it was all a dream" trope, but it's not beyond the realm of possibility. Nighttime soap *Dallas* wiped out an entire year one time!

## Young Sheldon 8 pm on CBS

If math is the underlying fabric of the universe, most of us are threadbare. So when Sheldon (Iain Armitage) makes a terrifying mathematical discovery while tutoring Billy (Wyatt McClure), he's left to contemplate what it means. Also, Mary (Zoe Perry) is jealous of Missy's relationship with Mandy and MeeMaw in the new episode *Blonde Ambition and the Concept of Zero*.

## Walker 8 pm on CW

Even though time has marched ever forward, Cordell (Jared Padalecki) is stuck trying to convince everyone, including himself, that he has moved on from the hell of captivity in the new episode *Rubber Meets the Road*. Meanwhile, Stella (Violet Brinson) comes clean to her dad about how she has been feeling.

## Mountain Men 8 pm on HISTORY

In Montana, Jake Herak's young pups learn a big lesson in lion hunting. Then, in Wyoming, Josh Kirk takes aim at a pack of coyotes messing with his bison. A violent winter storm leaves Mike Horstman's fishing boat high and dry in Alaska. In Idaho, Kidd and Harry Youren use explosives to battle a deep freeze to protect their cattle's drinking supply.

## Ghosts 8:31 pm on CBS

Sasappis (Román Zaragoza) convinces Sam (Rose McIver) and Jay (Utkarsh Ambudkar) to try and save an old tree on the Woodstone property that has significance to him, which the neighbors want to cut down. Also, Thor (Devan Chandler Long) attempts to get environmentally friendly with Flower (Sheila Carrasco) in the new episode *The Tree*.

# HOROSCOPES

By YASMIN BOLAND

Will Estes, a Libra (born Oct. 21), of "Blue Bloods"

steam ahead with your new routines. Start to make some serious changes.

**LIBRA** (Sept. 23 - Oct. 22) The focus is now very much on yourself worth and, in a roundabout way, how that also impacts your finances. So do you value yourself enough? Nobody likes arrogance but being overly self-deprecating isn't appealing either. Use your current cycle to find a balance between showing off and quiet confidence.

**ARIES** (March 21 - April 19) If you've had issues with your friendships or lover, that should ease now. It's time for you to work out who your friends really are. Speaking of people you're close to, your stars now make it easier for you to be more intimate than you've been in a while. Indulge.

**TAURUS** (April 20 - May 20) If you've undergone a career overhaul in the past few months, well done. That's exactly what your stars have required of you. Hopefully, you've started to see which parts of your professional life were a little shaky and needed firming up. Now aim for the top spot. You can be the boss.

**GEMINI** (May 21 - June 20) Gemini's who've been chomping at the bit to get away from it all but haven't managed to do it yet post-pandemic, listen up; the travel (and study) brakes are now off. If you can travel (or study) for professional development, all the better. The world is your oyster.

**CANCER** (June 21 - July 22) If your intimate life has been about as hot as a freezer lately, thank Saturn. Your stars recently have asked to you restructure everything to do with your romantic life and (though it might seem like an odd combination) your finances. What have you learned about sex and money? Put it to use!

**LEO** (July 23 - Aug. 22) When it comes to your most important relationships, the recent past has been all about figuring out what's working and what's not. You've hopefully learned some important relationship lessons. Of course, the big question is, what are you going to do with what you've learned? Make life's lessons worthwhile.

**VIRGO** (Aug. 23 - Sept. 22) If there's one thing you're good at, it's systems. Life has shown you which systems you need in your life. Maybe what's needed has changed over the past few years. As of this week, it's full

**SCORPIO** (Oct. 23 - Nov. 21) After a couple of weeks of feeling like a drained battery, this week should make you feel like you're being filled up with universal energy. Not only will you have more power and vitality though, you've also got more sex appeal and more love in your heart. It's kind of a win/win/win.

**SAGITTARIUS** (Nov. 22 - Dec. 21) Now is the time to take some time out. The focus is now on the part of your chart where you like to withdraw from the world. For the next four weeks, take it as easy as you can and do as much navel gazing as you can fit into your schedule.

**CAPRICORN** (Dec. 22 - Jan. 19) If you feel like your financial life has been falling apart, that should ease up. Saturn was reversing in your money zone, asking you to think about which financial setups in your life need to be dismantled and rebuilt. Hopefully, you now know the answer. So take action soon!

**AQUARIUS** (Jan. 20 - Feb. 18) The sun moves into your career zone this week. Remember, the sun acts like a spotlight as it moves around your chart, so use the next four weeks to think about your professional life. It really is the right time for you to build yourself a new professional trajectory.

**PISCES** (Feb. 19 - March 20) You've had time to work through your fears. In spiritual circles, fear is described as F.E.A.R. ... also known as False Evidence Appearing Real. The same circles tell us that life can be as good as we want it to be and believe that it can be. Think about all that this week.

## ASK MATT

### WHY ARE THERE SO MANY CROSS-OVERS?

@TVGMMattRoush

**Question:** Do you know why crossover premieres have become so common? They used to be special, but now they happen far too much! —Adam

**Matt Roush:** In this age of network franchising (*FBI*, *Chicago*, *Law & Order*, *NCIS*, etc.), crossovers are seen as a very promotable and generally profitable (ratings-wise) way to spike audience interest. I tend to agree that there are too many of them, but then that's how I feel about most spinoffs in general. That said, I'm not sure crossovers are all that damaging to a spinoff's independent identity — such as it is — and I understand why NBC would start the season with a three-way *Law & Order* crossover. It got quite a bit of attention during a busy week. I just hope the new season of the rebooted mothership is more satisfying than the first.

**Question:** I saw the piece [in TV Guide Magazine] on Jane Seymour and *Dr. Quinn, Medicine Woman*, where she mentioned it would be great if they could do the series again, only at 30 years later. What do you think? —Sondra

**Matt Roush:** Jane Seymour is still a bona fide TV star, and in a time when "Intellectual Property" is the most valuable coin in the realm, you'd think the channels specializing in this type of feel-good period programming could do worse than look into the rights for a revival.
