

HONORING THE LIFE & LEGACY OF THE UEEN

It is with great honor and privilege that we bring to you the Royal Jewelry Collection of milestone replica pieces, inspired by Queen Elizabeth II's own Collection, in memory of her monumental reign.

Reign of Romance Replica Engagement Ring

OVER 5 CARATS!

A stunning replica of the diamond engagement ring given to Queen Elizabeth II by Prince Philip in 1946. Our ring is a beautiful keepsake that commemorates that historical moment and makes Her Majesty's influential style and timeless sense of fashion accessible to women everywhere.

Royal Coronation Ring OVER 9 CARATS!

A faithful replica of the original "Sovereign Ring," which is considered by many to be one of the most iconic pieces in the crown jewel collection. The breathtaking ring was worn most recently by Queen Elizabeth II and represents the significance of "Dignity in Sovereignty" throughout

British history.

OVER 20 CARATS!

Inspired by the Coronation jewelry worn by every queen since Victoria. It's a modern interpretation of a stunning jewelry suite that has been part of royal coronation history since 1902. Queen Elizabeth II traditionally dons the over 100-carat diamond dazzlers at least once a year when she attends the State Opening of Parliament.

Demons and other creatures of darkness were hunted long before *Supernatural*'s Dean (Jensen Ackles) and Sam Winchester (Jared Padalecki) began their adventures. After that series recently ended its 15-season run, Ackles reprised his role to narrate the origin story of his parents on *The Winchesters* (beginning Tuesday on The CW). A prequel set in the 1970s, the supernatural drama reveals how John Winchester (Drake Rodger) and Mary Campbell (Meg Donnelly) met and joined forces.

Noting that every family has secrets, Dean pledges to tell the truth about "how Dad met Mom." The tale begins in Lawrence, Kansas, as teenage John returns from two years in the Marines and a tour in Vietnam. He immediately sets out to look for his father, who he hasn't seen

in 15 years, Instead, he encounters a demon trying to steal a key John's dad left for him, and soon crosses paths with Mary. A demon hunter since childhood, she is also looking for a missing father, who went after something powerful and never returned. Joining John and Mary on their search for their fathers are Latika (Nida Khurshid) and Carlos (Jojo Fleites). The quartet hits the road as they seek more information about the Men of Letters, a mysterious group that has been around for centuries and who know more about an otherworldly entity that wants to wipe out mankind and take over the world. The fast-paced, enigmatic adventures of John and Mary are sure to please fans of Supernatural, along with those looking for a dose of monster mayhem this Halloween season.

"NCIS: Los Angeles" Returns And There May Be Hope For Hetty

By Kate Hahn

Save Hetty! In NCIS: Los Angeles' Season 14 opener (Sunday on CBS), intel has at last confirmed the location of the former boss lady (Linda Hunt): Syria. "It starts off very bad for her, but eventually [the info provides] a little bit of hope," executive producer R. Scott Gemmill says. The news fires up Special Agent G. Callen (Chris O'Donnell) to go rescue his imperiled surrogate mother, despite their unresolved issues about his childhood spy training. Admiral Kilbride (Gerald McRaney) nixes the plan, though: He needs all hands on deck after terrorists set off an explosion at a

facility that manufactures Navy drones. That's just the first big boom.

Arsonists light up one episode, and those gruesome serial killers that stitch bodies together from Season 9's "The Monster" make their return. The team also helps one of their own, Sam Hanna (LL Cool J), when son Aiden (Tye White) is wrongly accused of pilot error and may lose his military career.

Different kid-related problems face married agents Kensi Blye (Daniela Ruah) and Marty Deeks (Eric Christian Olsen) now that they've adopted teen Rosa (Natalia del Riego). "They're trying to be cool but are overprotective," says Gemmill. To the rescue: Deeks' mom, zinger slinger Roberta (Pamela Reed). Meanwhile, Fatima Namazi (Medalion Rahimi) improves fellow special agent Devin Roundtree's (Caleb Castille) bad online dating profile and Callen's skills at planning his big day with fiancée Anna Kolcheck (Bar Paly). If only Hetty were there in person! Notes Gemmill: "Her absence affects Callen as he works toward having his wedding, realizing he doesn't really want to go through with that without her."

The Real Housewives of Potomac

7 pm on BRAVO

Season Premiere

There's a season for just about everything along the Potomac and the *Housewives* are experiencing many of them in Season 7. Gizelle is inching ever closer to being an empty nester. Karen is getting some "tweaks" done. Ashley is still leaning on Michael even though they're separated.

Mid-Love Crisis

8 pm on HALLMM

Premiere

With her 50th birthday a week away, Mindy (Teri Hatcher), a divorced teacher, is in the middle of a mid-life crisis. And the timing is poor as it coincides with a visit from her daughter Rita (June Laporte) and Rita's girlfriend Emma (Matreya Scarrwener), who brings along her uncle Sam (James Tupper) – Mindy's former high school sweetheart.

NCIS: Los Angeles

9 pm on CBS

Season Premiere

The NCIS team searches for a suspect – and their motive – following the bombing of a large facility where military combat drones are assembled. Also, Callen (Chris O'Donnell) and Kilbride (Gerald McRaney) get troubling news about a body found in Syria, in the Season 14 premiere episode *Game of Drones*.

Let the Right One In

9 pm on SHOW
Series Premiere

Mark (Demián Bichir) and his daughter Eleanor's (Madison Taylor Baez) lives were changed 10 years ago when she was turned into a vampire. Now, locked in at age 12, perhaps forever, she lives a closed-in life, able to go out only at night, while her father does his best to provide her with the human blood she needs to stay alive.

5 QUESTIONS with ...

Svengoolie (as played by Rich Koz) is one of the most enduring and beloved late-night horror show hosts. You can find the mustached mystery man every Saturday on MeTV. This summer, we caught up with the legend, who shared all sorts of secrets about MeTV's October programming stunts. "We've been doing Svengoolie Halloween Boonanza [at MeTV] the past few years at Halloween, and it goes over great," Koz says. "We have Halloween-themed classic TV shows and also blocks of classic series, like *The Addams Family, The Twilight Zone, Alfred Hitchcock Presents* and, of course, *Kolchak: The Night Stalker.* ... And then of course I'm doing a horror classic every Saturday night." Here, Koz (aka Svengoolie) answers our "5 Questions."

- **1.** What shows did you watch and love when you were growing up? In Chicago where I grew up, there was an abundance of hosted local kids' shows by various characters and such. And I loved those. I loved sitcoms: *The Honeymooners* with Jackie Gleason, *Car 54*, *Jack Benny, Andy Griffith*, *Get Smart*, which is actually on again here at MeTV. It's like old home week.
- **2.** Tell us about the first scary movie you ever watched. How old were you, and what do you remember? That would be *The Wizard of Oz*, which I saw on TV when I was 3 or 4. Not because of the flying monkeys, but that Wicked Witch!
- **3.** What is a typical fan experience like for you? It's overwhelming. When I go someplace, there will be huge lines of people waiting to just get an autograph and say hello. ... It always gets me when people thank me for what I'm doing. It's wonderful to see people so devoted to the character [of Svengoolie].
- 4. Tell us about a time when you were starstruck. I once received an email from Mark Hamill saying he was a big fan and watched my show every weekend. It was very flattering, but there are even people who pretend to be a bottom-feeder celebrity like me. So I asked, "How do I know it's really you?" And he said, "Well, I'm on Twitter. I'll post something about you and then you'll know it's me." An hour went by, then two and three hours. Then all of a sudden a tweet comes up from Mark Hamill saying, "One of the best things I discovered this summer was the Svengoolie show on MeTV." I was like, "Oh, my God," and I gave him the phone number. He actually called me. I think the first time we talked for about 40, 45 minutes, and all that time I'm thinking, "I'm talking to Luke Skywalker."
- **5.** What horror stars have you had on your show? A lot of them are not with us anymore, but we've had Robert Englund, who played Freddy Krueger, and some of the other folks from *A Nightmare on Elm Street*, as well as the ones who played in the *Friday the 13th* movies.

PBS' Nature returns for its 41st season on Wednesday, October 19 at 8 PM ET (check your local station). On the season premiere, Running with the Beests (pictured above), two Maasai guides, Derrick Nabaala and Evalyn Sintoya, have spent the last 10 years tracking the wildebeest as they migrate through Kenya's Mara ecosystem. The great migration is part of their cultural heritage, and they expose the modern-day conflict between people and wildlife and share new ideas for co-existence in a changing world. Over a million wildebeest, alongside zebra, gazelle and elands journey in a quest to find fresh grass. This great migration in East Africa is a spectacle that can be seen from space and is one of the most impressive mass movements of land animals on Earth.

Hallmark Movies & Mysteries will premiere the new movie, **Perfect Harmony**, on Sunday, October 16 at 9 PM ET/PT, starring James Denton, Sherri Saum, Peter Benson, Julia Benson, Sheppard Denton. When Jack Chandeller and Barrett Woodward's mutual friends Naomi and Simon are ready to tie the knot, they ask the pair to be Best Man and Maid of Honor. Barrett is a buttoned-up college professor and Jack is a laid-back former pop star who have always been like oil and water, but they agree to set aside their differences to support Naomi and Simon. At the engagement party, an impromptu duet between Barrett and Jack begins to thaw the frost between them, much to his son Teddy's dismay as Barrett is his professor. Slowly, Best Man and Maid of Honor begin to change their perceptions of each other and find they may be more in tune than either of them would have imagined.

An **HBO** original six-part series returns on Monday, October 17 with the debut of *The Vow Part Two*. Directed by Emmy®-winning and Academy Award® nominated Jehane Noujaim, the story line is set against the backdrop of the federal trial of The United States against Keith Raniere, and offers an exclusive view into Raniere's innermost circle, including NXIVM co-founder Nancy Salzman. It follows the legal and emotional journeys of the group's founders, supporters and defectors as new evidence and stunning revelations come to light, while federal prosecutors and defense attorneys battle with opposing views.

Healthy again, Saquon Barkley spearheads Giants' attack

It's been three seasons since Saquon Barkley last played with confidence. And if his Week 1 showing is any indication, it's well justified.

Indeed, the New York Giants' star running back had a tough row to hoe in 2020 and 2021 after bursting onto the NFL scene in 2018 with a franchise rookie record 1,307 yards in 2018 and following that up with a 1,003-yard season in 2019.

But in Week 2 of 2020, the Giants' 2018 first round pick out of Penn State grabbed the back of his knee after being hauled down on a running play and was immediately carted off the field. The diagnosis – a torn ACL, the type of injury no runner wants.

He missed the remainder of that year and returned in 2021 a mere shell of himself. Not confident in the repaired knee and also hampered by an ankle injury, Barkley ran for only 563 yards in 13 games before being placed in the NFL's COVID-19 protocol.

But in training camp of 2022, he showed up a different player. He ran hard and with confidence, thus catching the attention of his teammates and coaches. So when he ran for 164 yards and a touchdown, and caught six passes for 30 yards in the G-Men's 21-20 comeback win over the Titans in the season opener, no one around the team was surprised.

"He ran hard like he has all camp," Giants head coach Brian Daboll said.

"He brought it straight to the game field," added wide receiver Sterling Shepard. "I'm happy and so proud of him because he's been working his a... off."

Certainly he's a key part of the New York attack and that will be on display the morning of Sunday, Oct. 9, when Barkley and the Giants clash with the Green Bay Packers at London's Tottenham Hotspur Stadium in a game airing on NFL Network.

THE WEEK IN SOAPS

"General Hospital's" Killer Storyline Trims The Show's Cast

It was just the beginning when Ava Jerome (Maura West) was attacked with a hook on the grounds of the Quartermaine mansion last summer. She survived, but poor Brando Corbin

(Johnny Wactor) became the first victim of the killer known as the "Hooker" — the perpetrator using a deadly hook to off his/her victims — and he's not the last!

This isn't the first time a show has added a serial killer to its cast to trim a program's roster. While the identity of the murderer on *General Hospital* is still unknown, here's a look back at some of soaps' most memorable serial killer storylines and the shocking identities of the killers!

The "Loving" Murders: ABC had decided to cancel half-hour soap *Loving* in 1995 and shift some of the characters to a new series — *The City.* As a result, members of the beloved Alden clan — Cabot, Isabelle and Curtis, along with Stacey Donovan (Lauren-Marie Taylor) — all went to that great soap in the sky. It was certainly a twist when unbalanced Gwyneth Alden (Christine Tudor) was revealed as the murderer, but even more shocking was that Tudor didn't receive a Daytime Emmy nomination for her compelling performance.

Who Killed Marie Kovac on "As the World Turns"? The streets of Oakdale grew unsafe after Cal Randolph and Marie Kovac met their makers in 1985. Around this time, Kim Hughes (Kathryn Hays) was receiving gifts from a secret admirer. Her stepdaughter/niece Frannie Hughes (Julianne Moore) had met the man of her dreams — Douglas Cummings (Daytime Emmy winner John Wesley Shipp). The trio of story points were interconnected. Douglas was suffering from mental illness. He was not only sending Kim unwanted gifts, but he was also a sociopath who killed Cal Randolph, Marie and Dr. Henry Strauss. While other soaps employ killers to trim casts, Doug's victims were all brought on for this specific story.

The Salem Strangler/Salem Slasher/Salem Stalker: No other soap does killing-spree storylines like Days of Our Lives. The former NBC serial, now streaming exclusively on Peacock, first featured the Salem Strangler Jake Kositchek (Dynasty's Jack Coleman). He killed off Samantha Evans (Andrea Hall) and Mary Anderson (Melinda O. Fee), among others. Next, Days introduced the Salem Slasher, who turned out to be Andre DiMera (Thaao Penghlis). His victims included Renée DuMonde (Philece Sampler), the love of Andre's brother Tony DiMera (also played by Penghlis). In 2003, beloved characters including Abe Carver (James Reynolds), Jack Deveraux (Matt Ashford), Caroline Brady (Peggy McCay) and Maggie Horton (Suzanne Rogers) all fell prey to the Salem Stalker. Viewers learned that saintly Marlena Evans (Deidre Hall) was the murderer! In an even more shocking twist, it was later revealed that Marlena was not the killer. It was all a DiMera hoax perpetrated by Andre. Fortunately, all the decedents turned out to be alive and well, living on an island known as Melaswen (New Salem spelled backward).

Renovation Impossible 8 pm, 11 pm on HGTV

Home is where the heartbreak is. After a previous contractor botched their kitchen remodel and left them with a broken heart of the home, a couple calls on Russell Holmes to help with renovations in the new episode *Sunken Living*. He'll have to manage their rapidly shrinking budget and overcome design disagreements to deliver on a dream home they'll both love.

CSI: Vegas

9 pm on CBS

Catherine (Marg Helgenberger), Maxine (Paula Newsome), Joshua (Matt Lauria) and the rest of the team are called to investigate when a group of teens discover an abandoned car crash with a dead woman at the wheel in a Nevada ghost town. It's classic *CSI* as the team works to uncover how the seemingly nonfatal crash ended with the woman's death.

HOROSCOPES BY YASMIN BOLAND

ARIES (March 21 - April 19)
You are seriously in one of the
best celestial cycles that you've
been in for a long while. The recent full moon in your sign means
this is now your time to turn the
corner. Whatever else you do,
don't let any little hiccups throw
you off track this week.

TAURUS (April 20 - May 20) The phrase that comes to mind looking at your chart this week is "going from strength to strength." This applies to your daily life in particular. Make sure your routines include a little bit of self-care. Every day can be a step in the right direction. Make a commitment to yourself.

GEMINI (May 21 - June 20) Don't push too hard at work if things aren't going your way this week. There's a lot of room for confusion and you might end up having an argument you'll regret later. Far better to let events play out now and sort themselves out next week. Least said, soonest mended.

CANCER (June 21 - July 22) It looks like you're going to have a pretty good week. The only way you could spoil it would be to start to allow worry to keep you up in the middle of the night. Accept what you can't change, and change what you can. Make like a Zen master.

LEO (July 23 - Aug. 22) Now is the time for you to be picking apart your love life ... in a good way! Think of it like taking a slightly wobbly brick wall down, cleaning the bricks and then putting it all back up again with clean mortar, so it's all stronger and better.

VIRGO (Aug. 23 - Sept. 22) How about some good news? If you've been working on your money mindset, and also putting in hard work in real life, this could be the week where you start to feel more financially stable and secure at long last. Enjoy the feeling. Frankly, you deserve it more than many!

LIBRA (Sept. 23 - Oct. 22) Once again the emphasis is on having a good time with people you love. Yes, of course, you need to work hard and take care of all your responsibilities. However, right now the stars really want you to understand that you deserve to be happy too. Put a smile on your face.

SCORPIO (Oct. 23 - Nov. 21) It's that time of the year when it's best to hunker down and take care of yourself. Obviously, if you're a parent or caregiver, you have other people to think about. But overall, remember "investing in you" now will reap rewards. Quite frankly, your nervous system could use a break!

SAGITTARIUS (Nov. 22 - Dec. 21) You currently have excellent stars for sorting out a situation with someone. Try not to get too angry. Use your famous sense of humor. Don't be surprised if you can't get to an answer just yet. There could be a bit more confusion to get through first.

CAPRICORN (Dec. 22 - Jan. 19) In a perfect world, hard work would lead to solid rewards. However, that's not always the case. This week though, the skies are on your side when it comes to being well recompensed for your efforts. Believe you're worth it and the universe could shower you with a little bit of gold.

AQUARIUS (Jan. 20 -Feb. 18) As Nietzsche very famously said, "What doesn't destroy you makes you stronger." You've got the steamroller planet Saturn in your sign so the past couple of years have definitely tested your mettle and resilience. Your strong response means that now is when you start to see the rewards.

PISCES (Feb. 19 - March 20)
Remember that you are now in a new and improved financial cycle. All you need to do is make sure you don't overspend! This week, as the abundant planet Venus harmonizes with hard work planet Saturn, you should feel more financially stable. The more you believe in your prosperity, the better!

ASK MATT

@TVGININattRoush

Question: Is anyone surprised that the Emmys hit an all-time ratings low? The tone of the show was off from the start, with a dismal production number and an announcer who couldn't even pronounce Mariska Hargitay's name accurately but had to share how hot she thought some of the presenters were? So childish. And rushing the winners off stage? Thankfully, Sheryl Lee Ralph had her big moment early in the night. She was the best reason to watch! -Disgruntled Debbie in Chicago

Matt Roush: These are all fair points, although NBC has no choice but to air the ceremony on a weeknight because of its Sunday Night Football contract. However, I can't explain why producers of these shows think we want to hear the announcer do anything more than get better-known talent on and off the stage, and Sam Jay was a constant irritant throughout. For me, the low point of the night came when The Dropout's Amanda Seyfried spent most of her time panicking about how to be thankful for her win when the countdown clock kept flashing. Shameful. If there's anything good to come out of this year's Emmys show, it's that the Sheryl Lee Ralph showstopper may bring an even bigger audience to Abbott Elementary when it returns. (Ahem, the true best comedy on TV, no disrespect intended to Ted Lasso and the other nominees.)

Age-Defying "Swiss Apple Stem Cell" Stuns Scientists

A cutting-edge clinical trial shows: this supernutrient enhanced the appearance of younger-looking skin by 80%, with just one daily application.

Tucked away deep in the Swiss Alps, is a rare "fruit stem cell" that helps skin appear vibrant, smooth, and toned everyday.

It's so powerful, it can help anyone maintain a youthful look even as they age.

And America's leading anti-aging physician agrees: "This all-natural, drug-free fruit stem cell helps skin stay free of the appearance of fine lines and wrinkles," says Dr. Al Sears MD, founder of the Sears' Anti-Aging Institute in Royal Palm Beach, FL.

The fruit stem cell promotes the appearance of radiant skin that appears to grow younger each day, and unlike other solutions. It is 100% natural, and it has no downsides.

This explains why people all over the country are excited about the

A July 2020 study published in The National Library of Medicine shows stunning evidence that this super nutrient has an unusual biological characteristic of enhancing youthful appearance in harsh climate conditions.

And groundbreaking research published by the Journal of Applied Science suggests...the more of this super nutrient people have on their skin the less visible appearance of fine lines and wrinkles.

And the more beautiful their skin looks with age. Many people think there's nothing they can do about the appearance of aging skin.

Especially once they're over 50, and nothing else has worked for them. But that simply isn't true anymore.

Surprising Truth About the Appearance Of Fine Lines and Wrinkles

"The real reason skin starts to have the appearance of fine lines and wrinkles with age is because the body slows down the production of skin stem cells," says Dr. Sears.

"The skin is constantly under attack from free radicals, environmental toxins, UV radiation, even harmful chemicals in skincare products and food that affects the appearance of youthful skin," he goes on to explain.

As a result of this constant attack, the skin's stem cell production becomes dormant as people age, and unless this hidden problem is fixed, the appearance of aging skin never goes away.

But thanks to a recent breakthrough by Dr. Sears and his team, there's now a simple solution anyone can

the lines and wrinkles were fading away. It made me feel a lot younger. At 70, it is important for me to feel attractive. It's great for my confidence and I think my health as well.

- Gloria M., Royal Palm Beach, FL

Enhance The Appearance of Younger, Fresher-Looking Skin, at Any Age

It involves a long-living apple stem cell with lasting benefits for the skin.

When Swiss scientists discovered a rare apple with long-living stem cell tissue, they cut the apple open and exposed it to UV radiation for 24 hours. What happened next was truly astonishing. Instead of turning brown (like normal apples do when cut open), this rare apple retained its natural tone and skin texture.

Incredible, right?

But an apple experiment means nothing if it doesn't help people look younger. That's why what happened next sent shockwaves through the medical community.

100% of Subjects Woke Up to a Glowing Complexion Everyday

In a cutting-edge study, Swiss scientists gave subjects a nutritional supplement made of pure apple stem

What followed was easily the biggest anti-aging breakthrough in recent history.

With just 0.1% of this supplement used at night... 80% of the subjects reported the appearance of younger-looking skin by morning.

And an incredible 100% woke up to a glowing complexion every day.

After 4 weeks, the appearance of wrinkles, fine lines, and crow's feet dropped by 15%... and the subjects noticed it did not irritate their skin.

This anti-aging breakthrough was so astonishing... It created a mad rush among Hollywood's most beautiful women. Unfortunately, it wasn't available to just any woman.

Because this fruit stem cell is found only in a near-extinct tree in the Swiss Alps.

The tree only produces fruit in mid-October and the tissue-extraction process can take as long as 16 weeks. Making it an expensive solution reserved for the rich and powerful.

It remained that way for years... until Dr. Al Sears discovered a next-generation nanotechnology that allows anyone to enjoy the benefits of this fruit stem cell.

A Visibly Younger Skin **Without the Hollywood Price** Tag

Using the new liposomal nanotechnology for apple stem cell extraction, Dr. Sears and his team combined the most powerful apple stem cell available, with another age-defying supernutrient called Alpine Globe

When used with apple stem cells, Alpine Globe Daisy helps reduce the appearance of fine lines, wrinkles, and other stubborn signs of aging skin that make people look older than they really are.

Together, these two supernutrients

Takes years off your face in minutes

are now available in an advanced beauty solution called Renew SCII.

It is 100% natural and even people with sensitive skin can use it to enhance the appearance of youngerlooking skin at any age.

With results like this, it's no surprise Renew SCII is selling so fast.

And because it's not sold in stores, it can be difficult to come by.
